

## Chris Gallo

Hello Wrentham, my name is Chris Gallo, and I am running for reelection to the Wrentham Select Board. My family and I have had the pleasure to call this amazing town our home for over 8 years. My wife of 12 years is Katlyn Gallo, and she is an amazing wife, mother, former teacher and business partner. We are blessed to have two children, Tommy who will be 10 on March 8 and Maddy who is 6. Whether it is coaching our kids' sports, being involved with organizations such as WEST, Lions Club, Wrentham Sportsman's Club, The American Legion, or being actively involved in our church, we have always tried to exemplify service to our family, friends, and community. The past 3 years of serving on the Select Board have been an incredible learning experience and we have gotten some great things accomplished, but there is still more work to do. Since being elected, the board and town have accomplished many things, of those I am fortunate to have played a small roll in. Some of the key areas of focus over the past 3 years that will continue into my next term include:

- **Economy** – I will continue to work with our local business to keep our economy strong. I will also work to welcome new businesses of any size to help increase our tax revenue. I will also continue to work with existing businesses to ensure that they have all the tools needed to make and keep them successful. I will continue to make sure that property taxes are as low as possible by strategic and common-sense development of our town with a focus on downtown, 1A, and the Route 1 corridors. I also want to continue to develop a rich and diverse housing stock that allows a price point for every budget. We cannot grow as a community without having the necessary infrastructure to do so, and as such it will be my continued focus to ensure we have the necessary elements such as safe roads and ample and safe water so that we can accomplish these goals.
- **Schools** – It has been a please to work with our Superintendent, School Committee, teachers, and support staff to foster the growth and development of our students, keeping our schools of the highest caliber. I will continue to support our schools and ancillary organizations such as WEST, PTO, and School Committee. I also support strong parental engagement and communication and transparency, so parents have insight and a say as to what their children are learning in the classroom.
- **Essential Town Services** – I will continue to support and enhance all our essential town services that make Wrentham great. I have and will continue to be a strong supporter of our PD, FD, DPW, that work around the clock, keeping us safe. The people that run these organizations are some of the best assets we have.
- **Seniors and Veterans** - It has been a pleasure to work closely with our senior and veteran communities at the senior center and American Legion Post to ensure that two of our most valuable groups of people have the services that they need and deserve. It is our duty and obligation to make sure that our veterans and Seniors are taken care of.

I truly believe that Wrentham is one of the best and most welcoming towns in the commonwealth. To build upon this, we need to maintain local decision making, ensuring that all 12,000 residents have a say in our town's future.
